

include/emsr/notsospecfun.h

```
graph TD; A[include/emsr/notsospecfun.h] --> B[variant]; A --> C[complex];
```

A diagram showing a header file 'include/emsr/notsospecfun.h' at the top, which branches into two sub-components, 'variant' and 'complex', below it. The top box is grey, and the bottom boxes are white.

variant

complex
